

DOs & DON'Ts FOR MEMBER CONTACT INFORMATION

Member phone numbers and emails cannot be used for any purpose other than official Leadership Florida outreach. Members trust Leadership Florida to protect their privacy, so we do not typically provide member lists with contact information. This is a rare exception for this purpose. **ONLY** use this list for individual outreach. Phone calls are preferred, but if you want a group email message to be sent, please send it to our Communications team (communications@leadershipflorida.org), and we will quickly review and send it on your behalf through our official Leadership Florida email communication.

If the phone number and/or email are not valid, collaborate as a Region Council to find new contact information whenever possible. Email communications@leadershipflorida.org with any new contact information so we can update that member's profile.

If these guidelines are abused in any way, the privilege of such lists will no longer be available to Region Councils, so please follow closely.

NOTES:

Expiration dates: The date that the member's dues lapsed. Any dates prior to 2018 represent members who may not have been active for many years and are not necessarily indicative of the actual date. Expiration dates of 2100 represent Lifetime or Honorary members.

Membership status: Current = active, dues-paying member. Expired = lapsed membership.
