

QID[™] Quick Intruder Deadbolt

A safe and secure learning environment at the press of a button.
Meets Department of Homeland Security's #1 recommendation to quickly lock classroom doors without a key!

QID, Quick Intruder Deadbolt Lock, immediately secures rooms by projecting a deadbolt and locking the lever when the red button is pushed.

Safety & Security

- Teachers and students can instantly secure doors without having to search for a key
- Staff and first responders can enter by key at any time
- QID provides maximum door protection for students and staff while maintaining free

Keyless Instant Lockdown

- No scrambling to find the classroom key

Superior Intruder Protection

- Full 1-inch throw stainless steel deadbolt and latch
- Vandal-resistant slip-clutch
- Deadbolt locking instead of latch

Visual Indicator

- Notifies occupants that the door is deadbolted and the outside lever is locked

Free Egress

- Single motion retracts the deadbolt and latch from the inside at all times

Applications

- Schools
- Colleges & universities
- Offices
- Storage rooms
- Safe rooms
