RETURN, CANCELLATIONS & DEFECTS

Due to constant changes in our economy and demands on this product, we will not allow cancellations or return of materials after order has been placed and acknowledged. Defects and quality concerns should be addressed immediately for replacement consideration.

CARE & CLEANING

- To maintain the beauty of your divider, use warm water and a soft cloth to float the dirt off. Then clean with a solution of liquid dishwashing detergent and warm water or a cleaner such as Novus #1. Rinse cloth or sponge and give a final wipe down to help reduce water spotting.
- Never use a dry cloth or your hand to clean your divider! This rubs the dirt and dust INTO the surface.
- DO NOT USE any type of cleaners that contain ammonia, bleach or alcohol. Cleaners such as Windex®, or Formula 409® will harm your new divider. When in doubt, use warm water and a soft cloth.
