

BEST PRACTICES

spending EANS funding for a safer return to school

Take the pressure out of deciding how to best spend your EANS funding.

Help students and teachers thrive in a post-COVID world without being overwhelmed by the choices.

This well-rounded, holistic plan will allow you to return safely while also enriching your schools - now and for the future.

EMERGENCY ASSISTANCE TO NON-PUBLIC SCHOOLS (EANS)

Private School Eligibility

- Must be established as a not-for-profit entity
- Must have been in existence prior to March 13, 2020
- Must be licensed, accredited, or otherwise approved to operate in accordance with state law
- Did not and will not apply for and receive a loan under the Small Business Administration PPP that is made on or after December 27, 2020

Costs must be:

- Allowable - i.e. fit into one of the allowable categories
- Reasonable - i.e. what a prudent person would pay for the item
- Necessary - i.e. as a result of ongoing impact of COVID-19

How to use EANS funds

- The FLDOE has set up the approved schools with an account on ClassWallet.
- Log in to your account to see your available balance, submit receipts*, pay vendors, see any messages, and more
- You can choose reimbursement or can have ClassWallet pay your vendor directly

Note: ownership of any equipment, material, or property must transfer to the FLDOE. Equipment and supplies purchased with EANS funds may be used for the authorized purposes of the EANS program during the period of performance (September 30, 2023) OR until no longer needed for the purposes of the EANS program.

*July 21, 2023 is the deadline for submitting receipts for reimbursement

a holistic plan for a safe, confident return to in-person learning.

Depending on your not-for-profit school's unique challenges and goals, you may utilize the EANS funding for a wide array of equipment, services, and materials including but not limited to:

- Supplies to sanitize, disinfect, and clean school facilities
- Personal Protective Equipment (PPE)
- Improving ventilation systems, including portable air purification systems
- Physical barriers to facilitate social distancing
- Textbooks (secular), furniture, portable walls (temporary), and technology.
- Other materials, supplies, or equipment recommended by the CDC for reopening and operation of school facilities to maintain health and safety
- Developing instructional plans for remote or hybrid learning or to address learning loss
- Initiating and maintaining education and support services, or assistance for remote or hybrid learning, or to address learning loss
