

# Teacher Coaching Program

## COACHING TRACKS DESIGNED FOR YOUR TEACHERS

Onboard new teachers and help your educators continue to grow. The FACTS Ed coaching program is flexible and customizable to support all your school's needs – and since we offer virtual coaching, you can increase professional development time and reduce costs.

## UNLIMITED COACHING AND MENTORING FROM ANYWHERE

You can choose between **on-site and virtual sessions** or decide to use both in tandem. These methods are designed to support individual or small groups of educators, reinforcing best practices, instructional strategies, blended learning, and classroom management. If you choose to use virtual mentoring, you'll have access to Vosaic, our exclusive teacher coaching video software that allows you to collaborate with and coach educators on any device.
