AAAL's Professional Development Workshop Series

Hosted by the Online Education and Outreach Committee

Challenges and Supports in Learning to Do Research Data Analysis: A Workshop for Supervisors and Graduate Students

Wednesday, November 18, 2026 | 11:00AM-12:30PM EST

Register Today!

Dr. Luke Plonsky
Northern Arizona University

Dr. Bedrettin Yazan
The University of Texas at San Antonio

In this interactive workshop, attendees will:

- Identify some frequent challenges experienced by novice scholars and their supervisors when learning/teaching data analysis
- Learn from experienced scholars about strategies for mentoring novice scholars in research data analysis methods
- Interact with other AAAL members in a breakout session to discuss challenges and strategies to support learning/teaching data analysis

Open to All AAAL Members | Zoom link provided after registration
