

**START YOUR ENGINES!**

# 2026 AABC Birth Institute

OCT 29 - NOV 2, 2026 | Indianapolis, IN

**Driving Innovation in Birth Centers**

Sustainability. Leadership. Equity.

## ***CALL FOR PROPOSALS***

Deadline Extended to **FEB 16, 2026**

The AABC Program Committee invites proposals to present at the 2026 AABC Birth Institute to be held October 29-November 2, 2026, in Indianapolis, Indiana.

The conference theme is “Start Your Engines! Driving Innovation in Birth Centers. Sustainability. Leadership. Equity.”

The AABC Birth Institute, the annual convention of the American Association of Birth Centers, is the nation's premier conference for birth centers and brings together about 250 birth advocates from across the nation.

We welcome proposals that address both clinical issues and administrative challenges faced by birth center providers, administrators, and others advancing innovative solutions in maternity care. We encourage proposals that integrate interactive learning. Whenever possible, submissions should incorporate content related to racism and health disparities, social determinants of health, and diversity, equity, and inclusion.

### **GENERAL INFORMATION**

- AABC is a multi-disciplinary organization with members including birth centers, alongside midwifery units, administrators, midwives, physicians, nurses, birth assistants, doulas, lactation consultants, consumers, and organizations supporting the birth center model of care.
- AABC membership is **not** required to submit an abstract.
- AABC has adopted a set of [Community Agreements](#) for the community to share space respectfully and with accountability. We ask you to review and indicate acceptance of these community agreements with your submission.
- AABC recognizes the profound relationship between language, beliefs, practices, and well-being. All presenters are required to use inclusive language in accordance with the [AABC Inclusive Language Guidelines](#).
- Presentations should refer to midwives and midwifery in recognition of the different types of midwives practicing in birth centers (CMs, CNMs, CPMs, LMs).

- The individual submitting the abstract is considered the primary contact. All correspondence about the abstract will be emailed to the submitting presenter. The primary submitting presenter is responsible for communicating any details and updates about the abstract and presentation to the other presenters.
  - The AABC Birth Institute is an educational conference. Presentations may not be for direct promotion of a product or service.
  - Presenters of accepted proposals will be notified in the week of May 4, 2026.
-
