## Welcome to Continental Siding!

Polymer siding from Continental Siding is the answer to all siding woes for homeowners in Kansas, Missouri and Arkansas. Homeowners need to ask themselves, "Is my siding lowering my utility bills, increasing my home's impact resistance to hail stones, and allowing my home to breathe properly?" If homeowners do not have our seamless polymer siding, the answer is likely "no," and their homes could even be growing mold and mildew and causing "sick home syndrome." At Continental Siding, we combat "sick home syndrome" and create healthy, breathable homes for our customers. We take the quality of the products we offer our customers very seriously, which is why we manufacture and sell our own seamless polymer siding, as well as offer a **LIFETIME WARRANTY** and a **FREE ESTIMATE**. Ours is an exclusive siding system, completely unique, that is far superior to other siding products, because it:

- Is completely seamless
- Won't fade in the sunlight
- Is exceptionally water-tight
- Is available in a wide range of colors
- Won't detach in heavy winds and storms
- Resists hail damage

Furthermore, this siding is installed with our patented Perma-Strate Wall System<sup>®</sup>, created by our founder Jerry O'Neal. This patented system solves all of the problems associated with other methods of siding installation, such as warping and buckling, and allows for the siding to be completely seamless, giving your home gorgeous curb appeal. Not only does Continental serve homeowners, but we also serve apartment complexes. It doesn't stop at our Seamless Siding, we also do Windows, Gutters and Doors. We are also offering a special **20% OFF** for members of the AAGW! CAAALLL NOOWWW for your FREE estimate.

# Member of the Month

By: Cody Stout, Maxus Properties

This month's Member of the Month is a very familiar face to our industry, Lou Calkins. Lou has been involved with the multifamily industry for 7 years, has been an active member with the AAGW for over 4 years and is currently the Suppliers Council Vice President and an AAGW Ambassador. In Lou's current position at Metro Appliances and More, she is on the ARD Sales team which gives her the freedom to help AAGW customers with all their appliance needs.

She finds great worth in the AAGW as it allows her to build relationships with both apartment members and suppliers. When asked about her favorite part of the AAGW, she says, "I love the diversity of people and how they all come together to help each other and make the association succeed." She also added that, "The classes and meetings that are offered by the AAGW have great content and give many people the extra tools to be rockstars." Lou's motto that she lives by is a simple one, treat others as you want to be treated. Thanks, Lou for your dedication and support to the AAGW!

**June 17th @ Wichita Boathouse**  
**11:30 am - 1:00 pm**

To help reconnect and share our post-pandemic struggles and successes (and come away with some answers), we are bringing back our popular group brainstorming stations to network and share your ideas with each other on current topics we have created using member feedback. We will also be celebrating 7 individuals who have earned their industry credentials. Join us!
