Getting to Know Kris Withrow!
By: Stacey Bradley, Case & Associates

It is so interesting me how the retail world often leads us into this wonderful world of multi-family housing . So many times we hear of this, or even the hospitality industry, spills over into ours.

I was not in complete shock to learn that Kris worked for Target in Omaha as a Loss Prevention Manager. During this time is when he was introduced to Signal. Before starting his Signal journey, he worked for Learjet. He decided to give the aircraft industry another chance when he moved back to Wichita in 2008.

Lucky for many of us, the aircraft industry didn't work out. That is when Signal of Wichita was born, becoming the tenth franchise in the Signal network. Kris originally joined the AAGW in 2009. Due to some different circumstances he had to step away from the association, but we are so happy to say that Signal/Kris rejoined AAGW in 2021. They have been going strong ever since!

One of Kris' favorite things about our industry and the AAGW is the ability to build relationships! There is truly no better way to network according to Kris. He has been able to grow and expand his business through many of the relationships he has through the AAGW. As you can imagine, growing a business can be time consuming. However Kris has had extreme success here in Wichita. One of the things he is most proud of is that Signal of Wichita has been named Franchise of the Year...TWICE!!! Accomplishing this feat is hard enough to do once. Way to go to Kris and his team for this amazing accomplishment. Kris' favorite part of his job is developing people. There is nothing better than seeing your employees gain confidence and grow professionally.

Kris is looking forward to being more involved with our association again. His favorite event is our annual Trade Show. It gives Kris a chance to show off/introduce his incredible team and is also a great way to get involved!

Kris does his best to: SEIZE THE DAY! That is something we all can do!

Thank you Kris & Team Signal for all you do to support the AAGW and our communities!
