GET THE COMPREHENSIVE TRAINING YOU NEED

This two-day seminar has been specifically designed to help multifamily maintenance professionals learn the basic knowledge, techniques, and skills of pool and spa operations including inspection techniques and processes to become a Certified Pool Operator (CPO).

Any facility with a pool, spa or aquatic feature requires a Certified Pool Operator to be compliant with the Texas Administrative Code and to properly maintain and operate the facility. In turn, effectively reducing your company's liability.

An exam will administered following the course. You must attend the entire two-day course to be eligible to take the certification exam. You must pass the exam in order to obtain certification.
