Dear ACEC/NC Member,

We are reaching out with an important request: help us kick off ACEC/NC's newly reestablished State PAC. The *Council of Engineering Companies of NC PAC (CECNC-PAC)* is an important tool helping us to deliver success to your firm!

Our industry's future depends on smart policy and strong investment in North Carolina's infrastructure. Decisions made at the General Assembly directly affect how our firms operate, how our employees thrive, and how we serve our clients. The PAC enables us to support legislators who understand and champion the engineering profession.

But effective advocacy requires resources. That's why we're asking you to make a contribution today to help us build a war chest that ensures our voice is heard when it matters most.

Your support will:

- Strengthen our advocacy for funding, workforce, and business-friendly policies.
- Give ACEC/NC a powerful seat at the table in Raleigh.
- Protect and advance the engineering industry across North Carolina.

This is our moment to show strength and unity. Please join us in making an early, impactful investment in the PAC. Consider one of the contribution levels below.

PAC Champion	\$500 (Receives a swanky pair of ACEC/NC branded socks - you'll be the envy of the conference!)
Dollar-a-Day Hero	\$356 (Receives a swanky pair of ACEC/NC-branded socks - you'll be the envy of the conference!)
PAC Patriot	\$250 (Receives a PAC lapel pin)
CECNC-PAC Friend	\$100

Together, we can secure a stronger future for our profession and our state.

Sincerely,

Michael L. Holder, P.E.
President, ACEC/NC

Radha Krishna Swayampakala
Chair, CECNC-PAC
