

Eric Murnyack, P.E.

Assistant District Executive – Design, PennDOT Engineering District 2-0

Eric has been with PennDOT for over 20 years.

Most recently, in 2023, Eric took on the role of Assistant District Executive – Design in District 2, overseeing a team of 100 engineers, managers, and technical staff covering the areas of roadway design, bridge design, bridge inspection, liaison, survey, utilities, ROW, contract management, environmental, and planning and programming. Prior to that, he was the District Portfolio manager, Liaison PM-3, Contract Management Supervisor and Civil Engineer Supervisor in Construction.

Eric is a registered Professional Engineer in Pennsylvania and obtained a B.S. in Civil Engineering Technology from the Pennsylvania College of Technology. He is married and has one daughter and one son.
