

**Michael P. Venuto, PE, PLS  
Chief Engineer  
Delaware River Port Authority**

The Delaware River Port Authority plays an important role of stewards of public transportation assets. Mr. Michael Venuto has been a dedicated public service employee for the last 25 years and currently serves as Chief Engineer at the Delaware River Port Authority. He is a NJ Licensed Professional Engineer and Professional Land Surveyor in the State of New Jersey. Michael also serves as an Adjunct Professor at Rowan university.

As Chief Engineer, Michael oversees the approximately \$804 Million Dollar five-year capital program ensuring that DRPA/PATCO's assets are maintained, improved, and protected for the benefit of the citizens we serve. These assets include the Betsy Ross Bridge, Benjamin Franklin Bridge, Walt Whitman Bridge, Commodore Barry Bridge and PATCO.

Michael holds a B.S. in Civil Engineering from Rutgers University, an MBA from Lehigh University and a B.S. in Surveying Engineering Technology from New Jersey Institute of Technology. He is a member of the New Jersey Society of Professional Land Surveyors, the American Society of Civil Engineers and the Engineers' Club of Philadelphia.
