Design Smarter, Teach Stronger: AI-Driven IET Design and SSLO Implementation

Implementing SSLOs to Produce Instructional and Learner Outcomes

This 3-hour workshop brings instructors together to move Integrated Education and Training (IET) from concept to measurable results. Participants will focus on implementing Single Set of Learning Objectives (SSLOs) to strengthen instruction, alignment, and learner outcomes. The session is led by IET teachers who will guide participants with practical classroom application, highlighting how SSLOs inform lesson planning, instructional decisions, and assessment in real IET settings.

Audience: IET Instructors, Lead Teachers, Coaches, Curriculum Specialists

Draft Agenda

1. Re-Grounding SSLOs in Instructional Reality
2. Using SSLOs to Plan Instruction
3. Instructional Strategies that Support SSLOs
4. Assessing Learning Through SSLOs
5. Implementation Takeaways

There is no cost to attend this training. For more information or to schedule a training for your district/college, please contact the ACE of Florida office at (850) 222-2233.
