Who We Are

We believe learning through experience positively transforms people and our world.

The Association for Experiential Education (AEE) is a nonprofit professional membership association dedicated to experiential education and the students, educators, and practitioners who utilize its philosophy. AEE is committed to supporting professional development, theoretical advancement, and the evaluation of Experiential Education Worldwide.

We value global community, adventure and challenge, reflective leadership, social justice, the natural world and creative play.

Your Impact

Your support of the Northeast Experiential Education Conference directly impacts over 150 conference attendees, who then go back to their communities and workplaces and influence hundreds of students and colleagues.

Your support helps Northeast AEE to:

Dedicate Funding: Our scholarship program allows people to attend who otherwise would not be able to

Offset Conference Costs: Helping us keep registration prices accessible for all attendees

Bring the Fun: Enhancing our networking events, encouraging connection and personal growth for our conference attendees
