VIRGINIA

ADVOCATE - **GROW** - CONNECT

SAFETY

OUR COMMITMENT TO YOUR COMPANY:

- Safety is our top priority, and it is everyone's job.
- A rising tide lifts all boats – for that reason, the AGCVA community believes there are no trade secrets when it comes to safety. We are safer when we have access to the best information.
- Tap into our online safety trainings and our Safety Roundtable to access the latest in safety knowledge and best practices to help your team return safety to their family each day.
- Improve your safety best practices, compliance efforts, and accident prevention on construction sites by taking part in The Virginia BEST Program. This is a strategic partnership between VOSH and AGCVA and is a top safety program available only to AGCVA members. Achievement and recognition, while not easy, is an incredible testament to your exemplary safety program.
- Safety extends beyond the jobsite. AGC of America's Culture of Care emphasizes the importance of a diverse, safe, welcoming, inclusive environment that cares for the whole person.
