ABOUT AIA LOUISIANA

AIA Louisiana, a statewide chapter of the American Institute of Architects, is the professional association for Louisiana architects.

AIA Louisiana serves the architectural profession, encourages design excellence, and works to improve society through a concern for the quality of the built and natural environments. Members commit themselves to the highest standards of practice and code of ethics that addresses responsibilities to the public, clients, the building industry, and the art and science of architecture.

Activities of the chapter include tours of buildings, continuing education programs, slide and oral presentations by renowned professionals, a speakers' bureau on architectural topics, events with other associations in the design, construction, and historic preservation fields, communication with the State Legislature and agencies, social and networking events for those in the design and construction profession, and an annual convention and design exposition.

AIA Louisiana serves as a resource to architects and the public. Its membership of over 1400 is comprised of architects, interns working towards licensure, students, and professionals in affiliated fields.

For more information about the chapter or how it might be a resource to you or your organization, please contact:
