COMPETE

- REAL MAINTENANCE TASKS
  - Teams complete in timed events facilitated by industry hosts.
  - Confirmed events are listed on the competition landing pages.
  - Individual event procedures publish starting in November.
  - Team numbers assigned two weeks out.
- TEAM CATEGORIES
  - Commercial Aviation
  - General Aviation
  - Military
  - MRO/OEM
  - Education & Training
  - Space

RULES

- Teams are made up of competitors enrolled in a certificated program, employed by an air agency certificate holder, or serving in the armed forces in an aviation-related field.
- All teams compete in all events. Teams assign competitors as needed for each event.
- The top teams in each category, the top industry and top education team in each event, and the team with the lowest overall score will be recognized at the awards ceremony.
- Updates for 2027
  - Apprentices eligible to compete in the Education & Training category
  - Point adjustments for teams with a top score in an affiliated event.

Registration Opens Oct. 1

Who would you like to register?

Registration includes **three competitors and one team point of contact**. The POC will be the primary person to receive all team-related communications and updates. If one of your competitors will also serve as the team POC, you may leave the fourth attendee space blank.

Please list **only the three competitors who will be competing**; do not include alternates in your registration.

If your team has not yet been selected, check **"I'm not sure who is coming yet"** and competitor information can be provided at a later date.

Commercial Aviation Team (1 of 4)

HOST AN EVENT

- Competition @ MRO Americas is SOLD OUT. A few slots remain for VERTICON & MRO Asia-Pacific.
- Create a hands-on maintenance challenge, provide the necessary equipment and judges.
- Design a challenge that most teams can complete within 15 minutes and reset during a five-minute transition between stages.
- Submit tool requests and event procedures by the required deadline.
- Give teams equal access to any advance details.
- Provide prizes, follow AMC’s scoring requirements, report affiliated teams, and ensure judges attend orientation.
- Keep the event visible to spectators unless AMC approves barriers for safety, equipment protection, or competition integrity.

SCHOLARSHIP

The Phoebe Omlie Award, presented by AMC

Scholarships in the amount of $1000-5000 are provided in recognition of Phoebe Jane Fairgrave Omlie (November 21, 1902 – July 17, 1975), the first female to receive an FAA aircraft mechanic's license in 1927. Phoebe helped show the world that women were just as capable as men in repairing and maintaining aircraft. First Lady Eleanor Roosevelt called Phoebe "one of eleven women whose achievements make it safe to say the world is progressing". Awards are made possible by The Council in partnership with the TechForce Foundation. To create a Phoebe Omlie award in the name of a company or individual, Contact Us.

Other awards provided by:

American Airlines

TechForce Foundation

Aviation Workforce Solutions

GE Aerospace

Chix Fix

The Frederick W. Smith Purple Promise Scholarship, presented by FedEx

FAA Test Fees Grant

Provided by Jim and Alice Rice, the award provides the recipient with four vouchers to cover costs for the general, airframe, and/or powerplant written tests required for mechanic certification. Vouchers are good for one year from date of issuance and valued at $350.

Grants provided by:

NRF
