Course Overview

This course provides information that property and facility managers must have in order to increase occupant safety and comfort while facilitating building efficiency to meet the business goals of an organization. This course will cover building systems management, analytics, and optimization, best practices in building operations and maintenance, and high-performance security and life safety systems design.

KEY TOPIC AREAS:

energy management • security systems
business continuity • integrated pest management
fire protection & life safety systems • lighting
electrical systems: clean & green power, UPS
systems, & submetering • landscaping
solid waste management • contract cleaning
parking • vertical transportation systems
cleaning & maintenance of windows, metals, etc.

Registration Guidelines

Registrations must be received at the AOBA office no later than **April 6, 2018**. Those received after this date are subject to a \$25 late fee.

If you decide for any reason not to take this course once you have registered, you must return the coursebook and the "Key Concept Study Guide" to the AOBA office. A \$25 processing fee will be imposed.

Coursebooks will be available for *pick-up only* at the AOBA office starting **April 19, 2018**.

Note: A minimum of 15 students are needed to run each course. If AOBA cancels the course, a full refund will be issued.

**Courses are subject to cancellaton without notice.*

All general inquiries can be made to AOBA • 202.296.3390.
