

Dear ASAP Members,

As chair of the ASAP Alliance Excellence Awards Committee, it's my great pleasure to announce to you the organizations and alliances that have been named finalists for this year's ASAP Alliance Excellence Awards. They are:

Amgen
AstraZeneca
Bayer | Broad Institute
COOP Centraal
Gilead | Nurix
GSK | Adaptimmune
Jazz Pharmaceuticals
Jazz Pharmaceuticals | Sumitomo Pharmaceuticals
Kyowa Kirin | Amgen
Nutanix
Protiviti | SAP
Upsher-Smith Laboratories
Upsher-Smith Laboratories | Douglas Pharmaceuticals

We had many outstanding awards nominations this year, and our sincere thanks go to all those who submitted. By participating in the ASAP Alliance Excellence Awards, companies and alliance practitioners are not only demonstrating the achievements of their organizations, alliance teams, and alliances, but also elevating the profession of strategic alliance management and showing the way forward for so many others, both in our ASAP community and beyond, who aspire to learn from their example.

All finalists for the 2024 ASAP Alliance Excellence Awards were announced today at the ASAP Global Alliance Summit in Cape Coral, Florida. A virtual ceremony announcing and celebrating the winners will take place on June 12th. Further information about that virtual program will be forthcoming.

Meanwhile, please join me in celebrating these terrific awards finalists! And don't forget to submit your nomination for the 2025 awards—next year it could be you and your alliance team standing in the spotlight!

Sincerely,

Prof. Ard-Pieter de Man, CSAP, PhD
School of Business and Economics
Vrije Universiteit Amsterdam
Chair, ASAP Alliance Excellence Awards Committee
