

This month reminds us how powerful "connections" truly are—whether we're celebrating milestones, community moments, or meaningful conversations. Every engagement is an opportunity to lead with purpose, and I'm grateful for the energy, dedication,

and vision you bring to AWIN.

What Am I Reading?

Current Read: Women with Money

This month, I'm reading ***Women with Money***, a book that was recently recommended to me by a trusted strategic advisor and someone whose wisdom I hold in high regard.

It's an easy yet insightful read that invites meaningful reflection around managing finances with purpose. If you'd like to read together or join a discussion, let me know.

HOW CAN I HELP YOU?

One of my greatest joys in leadership is supporting other leaders, especially women. If you're navigating challenges, exploring opportunities, or simply need a listening ear—I'm here. I welcome the opportunity to support you in whatever way is most helpful.
