

# 2025 BMES CMBE Conference

“Cell Engineering for Mechanomedicine and Rejuvenation”

January 3-6, 2025

Cape Rey Carlsbad Beach Hilton | Carlsbad, CA

## SPONSORSHIP PROSPECTUS

The intricate interplay between cells and their mechanical microenvironment is pivotal in dictating cellular responses and functions. Engineering approaches harnessing this knowledge can unlock new avenues to manipulate cellular behavior and regenerative potential. The 2025 CMBE conference, which focuses on “Cell Engineering for Mechanomedicine and Rejuvenation”, aims to establish a forum for researchers and practitioners to discuss and explore cutting-edge technologies and groundbreaking advancements in converging mechanical insights and cell engineering for personalized medicine and regenerative therapies.
