[View this email in your browser](#)**#BMES2022 NEWS****Call For Abstracts**

Now is the time to submit your abstracts for BMES 2022 in San Antonio! We invite you to share your research and innovations for consideration to be part of our dynamic program. Please note: that submission guidelines have changed, so be sure to read all of the requirements for a seamless process.

Submission Deadline:**Tuesday, May 31 at 11:59 p.m. ET**[SUBMIT YOUR ABSTRACT](#)**Special Sessions Requests**

The Special Session submission portal is open, and we're taking applications from any BMES member, Committee, SIG, affiliate, or stakeholder. Approved Special Session requests include panels, workshops, speakers, competitions, or symposia that are often tied to the meeting theme, "Embracing Inclusion to Advance Innovation in Healthcare and Education," and that DO NOT fit within an existing [track](#).

Deadline to Request: Thursday, April 28 at 11:59 p.m. ET

[SPECIAL SESSION REQUESTS](#)**Become an Abstract Reviewer**

If you have expertise in one of our [18 tracks](#), we invite you to participate in helping us review and select the best research for BMES 2022. If you are interested in chairing a session, you must first be an abstract reviewer to qualify.

NEW for 2022: For the first time, BMES is inviting postdocs to review general abstracts for the opportunity to act as a Session Co-Chair Trainee.

Application Deadline:
Friday, May 13

MEMBER NEWS

ASEE Survey

The American Society for Engineering Education (ASEE), a peer organization, is surveying engineering educators, professionals, and students about factors supporting their professional success. [The survey](#) will only take about 6 to 7 minutes, and your responses will only be reported as part of a group, and individual responses will remain anonymous. The first 100 respondents will be eligible to receive a \$10 Amazon Gift Card.

Florida Tech's Breast Cancer Detection Device Wins First Place at Embry-Riddle Business Competition

Team "EarlyByrd," first place winners in the Electrical/Computer Science Track at the BMES-Medtronic Design Competition at BMES 2021, competed against five other startups in a 10-minute pitch competition, followed by a question-and-answer session before a panel of judges.
