### 2022 BMES Annual Meeting Theme Announcement

### Upcoming Virtual "Meet the Faculty" Event

We are thrilled to share the official theme for the 2022 BMES Annual Meeting! This year, our focus will be on "***Embracing Inclusion to Advance Innovation in Healthcare and Education.***"

We'll be sharing more information about the Annual Meeting in March, so stay tuned!

The BMES virtual 'Meet the Faculty' event will take place this Thursday, February 24. Candidates will present their research, as well as network with recruiters, much in the same fashion as the in-person program hosted each year at the BMES Annual Meeting.

## MEMBER NEWS

### **Rising BME Scholars Regional Conference at Washington University in St. Louis**

The 2022 Rising BME Scholars Regional Career Conference is part of a collaborative effort to strengthen and diversify the next generation of academic researchers in BME. This event will give participants the opportunity to learn from faculty and each other about pathways to professional success and rewards in academic careers.

**Event date: June 22 - June 24**

### **Research Experiences for Undergraduates in BME**

You are invited to join this 10-week summer research program funded by the National Science Foundation (NSF). Ten participants will work with support from faculty mentors on individual projects focused on improving simulations and computational models across all biomedical engineering disciplines while building research experience and skills.

Currently accepting applications on a rolling basis until all positions are filled.
