A vertical advertisement for Clemson Bioengineering. At the top is the "CLEMSON BIOENGINEERING" logo. Below it, the text reads "EDUCATING THINKERS, LEADERS, AND ENTREPRENEURS". Underneath is a section titled "PROGRAMS" listing: "Bachelor's in Bioengineering", "Master's and PhD's in Bioengineering", "Master of Engineering in Biomedical Engineering", and "Green MD Certificate". At the bottom, there is a "BI&E" logo and a button that says "Click here to see the POWER of the Paw! Learn More".

A graphic advertisement for the 2022 Student Design Competition. It features a red and orange background with network icons. Text includes "SPONSORED BY BMES Medtronic" and "2022 STUDENT DESIGN COMPETITION". It is divided into sections: "DESIGN" (listing Chemical/Biological, Electrical/Computer Science, Mechanical/Electrical, and a 2022 Special Category), "AWARD" (listing prizes like \$2,500 cash prize and a trophy), and "IMPORTANT INFORMATION" (listing requirements for participation and final round). A "DEADLINE" section states applications must be received by Friday, August 1, 2022 at 12:00 p.m. ET. A "TO APPLY" section provides the website www.bmes.org/designcomp and contact information for Christina Zara.

#BMES2022

www.bmes.org/annualmeeting

Save up to \$75 on Registration Costs

There is still time to save if you want to join us in San Antonio on October 12–15 for a revamped scientific and professional development experience! Visit our [FAQs page](#) for details about changes this year at BMES 2022.

Early–bird savings end on Saturday, July 30

[Register Today](#)

Calling All Undergraduates

We want you to submit an abstract for your research! Presenting authors must be enrolled in an undergraduate program during the Annual Meeting (October 2022) to qualify.

Undergraduates can submit late–breaking abstracts as well, but the submissions must differ.

Submit by Friday, August 5

Don't Miss Out on Networking

Join us in person at BMES 2022 for our annual [Meet the Faculty Candidate Forum](#)! This is an excellent opportunity for PhD students actively on the job market to network directly with college recruiters who can help them take the next steps in their BME career.

Sign up by Tuesday, August 9

[Submit an Application](#)

Late–Breaking Abstract Submissions

Did you miss the original deadline? There's still time to submit an abstract! Unlike in previous years, **late–breaking abstract submissions are open to everyone** for the opportunity to present their research.

Submissions will only be considered for poster presentations.

Submit by Friday, August 5

[Learn more](#)

The [CMBE-SIG](#) is seeking abstracts for the BMES CMBE Conference on January 2–6, 2023 in Indian Wells, CA. This year's theme is "Cell State Transitions in Development, Disease, and Regeneration."

There are 4 abstract categories, and all abstracts will be considered for podium and poster presentations.

Deadline for Submission:
Wednesday, September 14, 2022

[Learn More](#)

The [2023 BMES CMBE Conference](#) award submission window is now open and accepting applications for the [Christopher Jacobs Award for Excellence in Leadership](#) and [Shu Chien Achievement Award](#).

Don't forget about the NEW award for this year — the [CMBE Momentum Award](#) (sponsored by [APL Bioengineering](#)).

Deadline for Award Nominations:
Monday, September 12, 2022
