

## **IT'S THE LAST DAY OF #BMES2021!**

It's been a great three days at the 2021 BMES Annual Meeting! We hope you've enjoyed all the scientific research, educational sessions, and networking — both virtually and in person! Keep mentioning @BMESociety on [Twitter](#) and [Instagram](#) (posts and stories) as we wrap up the conference and use #BMES2021 — tell us about your favorite meeting moment!

**NOTE:** Regardless of whether you're a virtual attendee, or an in-person one, we ask that you use the [virtual platform](#) for the duration of the meeting. This will be the best way to network with other attendees, receive real-time updates like potential changes to the program, and watch any sessions you might have missed.

### **[Here's what we have lined up for the last day of #BMES2021:](#)**

**Join BMES Today!**  
Enjoy 25% off membership dues  
when you join/renew  
*by October 31!*

**Use promo code:  
THANKYOU25**

A promotional graphic with a purple and blue gradient background. It features the text 'Join BMES Today!' in white, followed by 'Enjoy 25% off membership dues when you join/renew by October 31!' in white and light blue. At the bottom, there is a white box with the text 'Use promo code: THANKYOU25' in blue.

We want to thank you for attending the 2021 BMES Annual Meeting. It may have been your first, but we hope it's not your last BMES Annual Meeting! This is why we want to offer 25% off BMES membership to all attendees. Whether you're joining or renewing, we look forward to more BMEs making BMES their professional home.

**Use promo code: THANKYOU25**

### **DAY 3 OF #BMES2021**

All plenary sessions are recorded for viewing at your leisure and will be available on the platform 48 hours after they are streamed and for up to 30 days post-event.

**Plenary Session: NIBIB Lecture & Journal Awards**

Paula Hammond, PhD, delivered the 2021 NIBIB lecture where she gave two examples of how her lab uses electrostatic charge as a tool to develop material systems for delivery. Her work shows real promise and potential for using this approach to treat ovarian cancer.

### **Plenary Session: Wallace H. Coulter Award for Healthcare Innovation Lecture**

Michael Hill, PhD, MBA, delivered the 2021 Wallace H. Coulter Award for Healthcare Innovation lecture where he spoke about the importance of collaboration, especially in BME. "The best way to prepare for the future, I think, is collaborating. Work with people that think differently, have different skill sets, and innovate together" said Michael.
