

Management is implementing all CDC hygiene procedures and trying our best to maintain “social distancing” while serving our residents and clients.

Please help us in this effort by:

Washing your hands and or using sanitizer before your visit and after.

We will not be shaking hands or getting within 6 feet of our residents or prospects.

We encourage on line virtual touring by visiting our websiteor give us a call at

All in person tours will be limited to 2 clients and will include model units only

We want to encourage you to follow this procedures while we continue to make.....name of site a safe and healthy environment for our staff, residents and new prospects.
