~~10-28-066 Advertising sign — Defined.~~

~~An advertising sign is a sign which directs attention to a business, commodity, service or entertainment regardless of where it is conducted, sold or offered.~~

SECTION 2. Title 10, Chapter 28 of the Municipal Code of Chicago is amended by creating a new Article VII, as follows:

ARTICLE VII. SIDEWALK SIGNS.

10-28-360 Definitions.

“A-frame sign” means a sandwich board style-sign that has two sides, the frame or support structure of which is hinged or connected at the top in such a manner that the sign is easily moved or erected.

“Department” means the Department of Business Affairs and Consumer Protection.

“Commissioner” means the Commissioner of the Department, or his or her designee.

“Sidewalk Sign” means an A-frame, T-frame, or other temporary self-supporting type sign, placed on the public sidewalk. “Sidewalk Sign” does not include a sign placed on private property.

“T-frame sign” means a sign that is supported by posts or other supports that are not attached to the ground or any building or structure, and that can stand on its own and is weighted at the bottom.

10-28-370 Permit required for Sidewalk Sign.

(a) It shall be unlawful for any person to place, install or knowingly maintain on the surface of the public way a Sidewalk Sign, or a structure or device to which such a sign is affixed, without a Sidewalk Sign permit.

(b) A Sidewalk Sign permit shall be valid for two years from the date of issuance. The fee for a two-year Sidewalk Sign permit shall be \$250.00. If the permittee has an existing license issued under Title 4 for the licensed premises, the Commissioner is authorized to align the expiration date of the Sidewalk Sign permit to the expiration of any existing business license issued under Title 4, and to prorate the fee for the Sidewalk Sign permit.

(c) No permittee shall assign or transfer a Sidewalk Sign permit.

10-28-380 Permit application.

Application for a Sidewalk Sign shall be made to the Commissioner, who shall make available forms for this purpose. The applicant shall provide the following information on the application:

(a) Proof that the applicant is validly licensed at the premises abutting on the public way where the Sidewalk Sign will be placed, or evidence that the applicant holds a valid license from a governmental entity other than the City of Chicago or is exempt from licensure.

(b) A photograph and sketch depicting the proposed site of the Sidewalk Sign, and a description of its relationship to the surrounding public way, showing compliance with applicable rules and demonstrating that the Sidewalk Sign shall not unreasonably interfere with: (1) adequate pedestrian flow, (2) access to building entrances; (3) pedestrian and traffic safety; and (4) the aesthetic quality of the surrounding area.

(c) Plans or a sketch of the proposed Sidewalk Sign, including dimensions and proposed language.

(d) Proof of insurance as required by this Article.

(e) Such other information as the Commissioner may reasonable require by rule.

10-28-390 Insurance required.

Each applicant for a Sidewalk Sign permit shall furnish proof of insurance evidencing commercial general liability insurance with limits of not less than \$500,000.00 per occurrence, \$1,000,000.00 in the aggregate combined single limit, for bodily injury, personal injury and property damage liability. The insurance shall provide for 30 days prior written notice to be given to the City of Chicago if coverage is substantially changed, canceled or non-renewed.

The City of Chicago shall be named as an additional insured on a primary, noncontributory basis for any liability arising directly or indirectly from the use of a Sidewalk Sign. Apart from and separate from any insurance requirement under this section, the permittee shall indemnify, defend and hold harmless the City from any and all losses, damages, claims, and suits that result directly or indirectly from the presence of the Sidewalk Sign on the public way.

Each Sidewalk Sign permittee shall maintain the insurance coverage required under this section for the duration of the Sidewalk Sign permit. Proof of insurance shall be presented to the Commissioner prior to the issuance of a permit under this Article. Failure of the permittee to maintain the insurance required by this section shall result in the revocation of the Sidewalk Sign permit.

10-28-400 Review of application.

(a) The Department shall review a submitted application and provide written notification to the alderman in whose ward the applicant intends to place a Sidewalk Sign. The Chicago Department of Transportation shall review, and the Mayor's Office for People with Disabilities may review, the Applicant's proposed location for the Sidewalk Sign to determine whether the location meets placement requirements. The Department shall not issue a permit unless the applicant is in compliance with this Article and any rules promulgated thereunder. The Department shall issue the permit in the form of a certificate or decal to be affixed to the Sidewalk Sign.

(b) For purposes of this section, "renewal application" means an application for a Sidewalk Sign at the same location and by the same person approved by the Commissioner within the previous 24 months.

If the Department finds that a renewal application meets the requirements of this Article and any rules promulgated hereunder, and the applicant has not received two or more notices of violation concerning a Sidewalk Sign that were finally adjudicated and sustained during the term of the current Sidewalk Sign permit, the Department shall approve the renewal application and issue a Sidewalk Sign permit to the applicant.

10-28-405 Denial of application or renewal application.

(a) If the Commissioner finds that the applicant failed to meet the requirements of this Article or any rules promulgated thereunder, the Commissioner shall deny the application or renewal application.

(b) If the Commissioner finds that an applicant who submitted a renewal application was issued two or more notices of violation of this Article that have been finally adjudicated and sustained during the term of the current Sidewalk Sign permit, the Commissioner may: (i) deny that renewal application; or (ii) conditionally approve the renewal application subject to a written plan of operation or other set of conditions that the Commissioner determines is necessary to ensure compliance with this Article.

(c) If the Commissioner denies an application or renewal application, the Commissioner shall notify the applicant in writing of the denial and the reasons therefor within ten business days after the denial by sending notice to the applicant, by first class mail addressed to the applicant at the address identified in the application. Within ten days after such notice is mailed, the applicant may make a written request to the Commissioner for a hearing on the disapproved application or renewal application. Within ten days after such written request for a hearing is made, a public hearing shall be authorized before a hearing officer appointed by the Commissioner. Such public hearing shall be commenced within thirty days after such hearing is authorized. Within 14 days after completion of such hearing, the hearing officer shall report his or her findings to the Commissioner. If the Commissioner determines after such hearing that the application or renewal application should be denied, the Commissioner shall, within 60 days after

such hearing has been concluded, state the reasons for the Commissioner's determination in a written finding and shall serve a copy of such written finding upon the applicant. The Commissioner's determination shall be final and may be appealed in the manner provided by law.

Provided, however, that no permit shall be suspended or revoked unless the permittee is first given five days' written notice of a public hearing, which shall provide the licensee with an opportunity to appear and defend. Such public hearing shall be held before a hearing officer, who shall report his or her findings to the Commissioner. If, after such hearing, the Commissioner imposes a fine or suspends or revokes the Sidewalk Sign permit, the Commissioner shall, within 60 calendar days after the hearing is completed, (1) state the reason for such determination in a written order, and (2) serve a copy of such order upon the permittee.
