HCAI Overview

- Established in 1978 as the Office of Statewide Health Planning and Development (**OSHPD**) to ensure health care accessibility within California.
- Transitioned to the Department of Health Care Access and Information (**HCAI**) in 2021 to reflect a growing portfolio and a more descriptive name.

Our Mission

HCAI expands equitable access to quality, affordable health care for all Californians through resilient facilities, actionable information, and the health workforce each community needs.

HCAI Program Areas

- **Facilities:** Monitor the construction, renovation, and seismic safety of California's hospitals and skilled nursing facilities.
- **Financing:** Provide loan insurance for non-profit healthcare facilities to develop or expand services.
- **Workforce:** Expand and diversify California's health workforce for underserved areas and populations.
- **Data:** Collect, manage, analyze, and report actionable information about California's healthcare landscape.
- **Affordability:** Improve health care affordability through data analysis, spending targets, and measures to advance value. Enforce hospital billing protections, and provide generic drugs at a low, transparent price.

HPD Background

AB 80 ([Chapter 12, Statutes of 2020](#)) provides HCAI the authority to establish the Health Care Payments Data Program (HPD), often referred to as an All-Payer Claims Database or APCD.

The information from the HPD is intended to support greater health care cost transparency and be used to inform policy decisions regarding the provision of quality health care, and to reduce health care costs and disparities.

HPD Background (continued)

The HPD is a retrospective research database of administrative data from healthcare claims and encounters.

The HPD collects file types the [All-Payer Claims Database Common Data Layout](#):

1. Medical claims and encounters
2. Pharmacy claims
3. Dental claims
4. Member eligibility
5. Provider
6. Capitation*
7. Annual Payment*
8. Annual Pharmacy Rebates*

*Non-claims files which begin data collection in July 2026.

The HPD Program is required to:

- Produce public reports from HPD data
- Allow for controlled access to non-public HPD data, by request
- Develop approaches to incorporate other data and link to other datasets

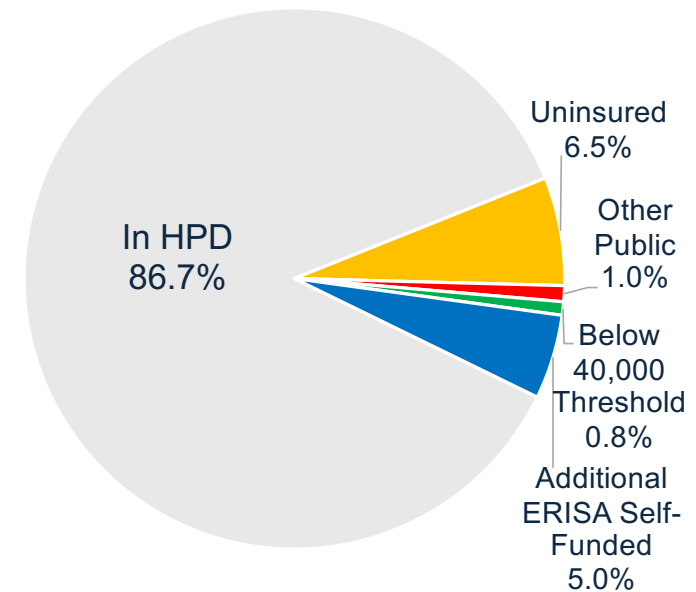

Mandatory Plans, Insurers, Public Entities

- Medi-Cal data provided by the California Department of Health Care Services (DHCS)
 - Including Medi-Cal Fee-for-Service, Medi-Cal Managed Care, and health insurance programs for specific populations administered by DHCS
- Medicare Fee-for-Service data acquired from the Center for Medicare and Medicaid Services
 - Including Medicare Part D coverage
- Fully Insured Commercial Plans and Insurers and MA Plans, public self-insured plans, and qualified health plans (>97% of covered lives in regulated plans)
 - Including HMO, PPO, POS, and EPO plans

The HPD System Includes 87% of Californians with Health Care Coverage

POPULATION GROUP	NUMBER	%
Included in the HPD	34,263,775	86.7%
Not Included in the HPD (Estimated)		
Uninsured	2,557,944	6.5%
Other Public (e.g., Military, Federal Employees, Indian Health Service)	376,000	1.0%
Below 40,000 Threshold	317,138	0.8%
Additional ERISA Self-Funded	1,994,800	5.0%
Total Californians	39,509,657	100%

Percent of Californians, 2024

Notes:

- Number of [Uninsured](#) from US Census Bureau and [Total Californians](#) from the California Department of Finance.
- Number of Other Public Programs from California Health Benefits Review Program, Estimates of Sources of Health Insurance in California, 2024.
- Number below threshold based on HCAI analysis of covered lives reported in the California Health Care Foundation, [California Health Insurers, Enrollment, 2025 Edition](#). Includes regulated health plans and insurers only (**based on 2023 data**).
- Number of ERISA Self-Funded estimated from HCAI analysis and represents *additional* ERISA covered lives **not already included in the HPD**. Derived by subtracting other categories from Total Californians. Note this may also include a small number of covered lives in public self-funded plans.

Commercial Dental Only & Health/Dental Plans Submitting to the HPD

Dental Only Plans

- ❖ Aetna Dental of California Inc.
- ❖ Ameritas Life Insurance Corp
- ❖ California Dental Network, Inc.
- ❖ Cigna Dental Health of California, Inc.
- ❖ Delta Dental of California
- ❖ Dental Benefit Providers of California, Inc.
- ❖ Dentegra Insurance Company
- ❖ Guardian Life Insurance Company of America
- ❖ Liberty Dental Plan, Inc.
- ❖ Metropolitan Life Insurance Company
- ❖ Principal Life Insurance Company
- ❖ Safeguard Health Plans
- ❖ Starmount Life Insurance Company
- ❖ United of Omaha Insurance Company
- ❖ UnitedHealthcare Dental
- ❖ Western Dental Services, Inc.
- ❖ Colonial Life and Accident Insurance Company

Health and Dental Plans

- ❖ Aetna Life Insurance Company
- ❖ Alignment Health Plan
- ❖ Anthem Blue Cross Life And Health Insurance Company
- ❖ Anthem Insurance Companies, Inc.
- ❖ Arcadian Health Plan, Inc.
- ❖ Blue Cross of California
- ❖ Blue Cross of California Partnership Plan, Inc
- ❖ Blue Shield California Physicians' Service
- ❖ Cigna Health and Life Insurance Company
- ❖ Cigna HealthCare of California
- ❖ Health Net of California, Inc.
- ❖ Health Net
- ❖ Humana Insurance Company
- ❖ Inland Empire Health Plan
- ❖ Kaiser Foundation Health Plans
- ❖ Kaiser Permanente Insurance Company
- ❖ SCAN Health Plan
- ❖ Sharp Health Plan
- ❖ Valley Health Plan/County of Santa Clara
- ❖ WellCare of California Inc.

- Public Self-Insured Plans not included.
- Per 2024-12 submission month (Onpoint Data Harbor)

Numbers of Records/Enrollees with Services/Covered Lives by Payer Type in 2024

Payer	# of Services	# of Enrollees w/Services	# of Covered Lives	# of Covered Lives for Dental only Plans	# of Covered Lives for Health and Dental Plans	Share of Services	Share of Enrollees w/Services	Share of Covered Lives
COMMERCIAL	18,862,976	4,081,620	8,059,584	3,222,697	5,140,264	33.48%	47.37%	29.7%
MA	386,894	71,066	1,593,974	N/A	1,593,974	0.69%	0.82%	5.9%
MEDI-CAL	37,095,817	4,464,402	17,450,189	N/A	17,450,189	65.84%	51.81%	64.4%
STATEWIDE	56,345,687	8,581,164	25,427,334	N/A	N/A	100.00%	100.00%	100.0%

* Counts of unique covered lives are determined separately for each payer type. Individuals may appear in multiple payer types if they were enrolled in more than one during the reporting year.

HPD Data Completeness

- Data completeness is an important aspect of data quality.
 - A high percentage of data completeness does not measure accuracy of the submitted data
 - Represents the degree to which specific fields are populated with values under expected circumstances (numerator) across all records (denominator) for the expected circumstances
- Data is submitted to HPD monthly and at the service line level.
 - There is an eligibility record for every month a member was enrolled with a plan, and a service line record for every non-denied service line on a claim

The [HPD Data Completeness Fact Sheet](#) can be found in the resources section of the HPD Data Access and Release Page: [HPD Data Access and Release Resources](#)

Office Zip	98.66% (99.83%)
Specialty Code	99.45% (99.77%)

Rendering Entity Type

Payer	Individual	Organization	Missing
COMMERCIAL	96.88%	3.12%	0.00%

- Completion rates for Dental Only Plans submitting to the HPD System.
- *Percentages shown in parentheses calculated from claim lines where the provider table's value was missing and was supplemented using the matched record from the provider_index table (NPPES).

Completion Rates – Provider File, Dental Billing Provider* 2024

Metrics	COMMERCIAL
NPI	59.09%
Last Name/Organization Name	96.15% (96.43%)
Office City	00.00% (72.37%)
Office State	00.00% (72.37%)
Office Zip	00.00% (72.37%)

- Completion rates for Dental Only Plans submitting to the HPD System.
- *Percentages shown in parentheses calculated from cases where the provider table's value was missing and was supplemented using the matched record from the provider_index table (NPPES).

HPD Public Reporting

HCAI regularly publishes public reports using HPD to:

- Increase overall transparency about health care costs and quality, utilization and equity
- Inform policy decisions on a variety of topics, including provision of quality healthcare, improving public health, reducing disparities, etc.

HPD public reporting is guided by an Advisory Committee consisting of a key group of involved stakeholders. Advisory Committee meetings are open to the public.

HPD Public Reporting

HCAI publishes two types of HPD public reports:

- *Interactive visualizations* focusing on broad topics such as the financial responsibility for medical care (medical out-of-pocket costs) experienced by California consumers
- *Data briefs* that focus on narrower and more specific topics such as the volume and cost of GLP-1 prescriptions for weight loss in California over time

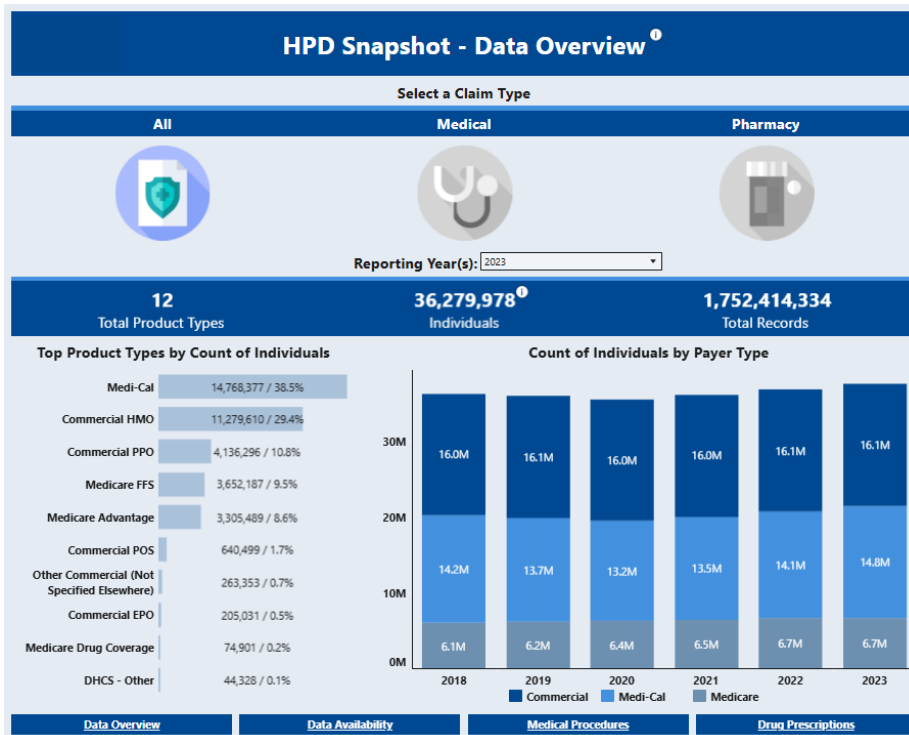

The underlying data is made available through the California Health and Human Services Agency (CalHHS) Open Data Portal at data.chhs.ca.gov

[Access Underlying Data](#)

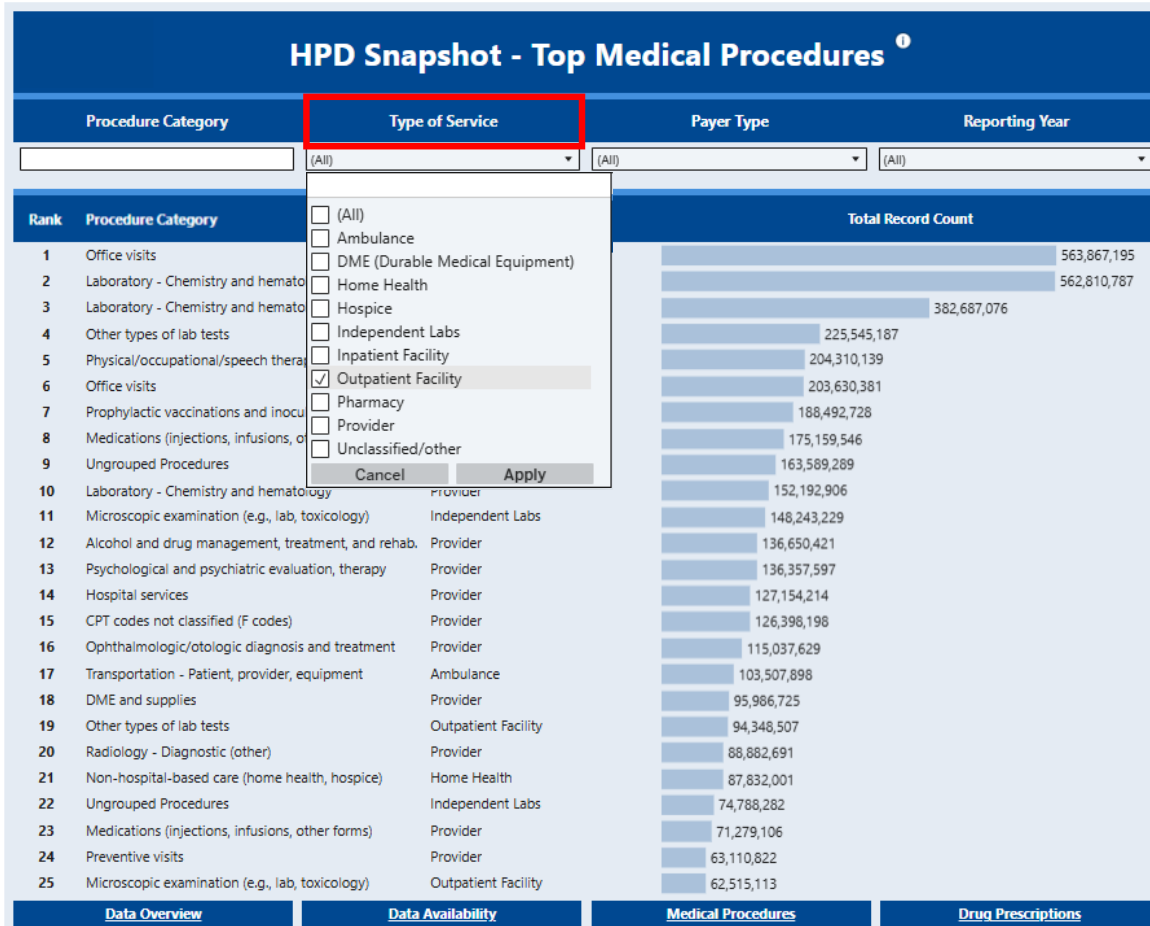

HPD Snapshot

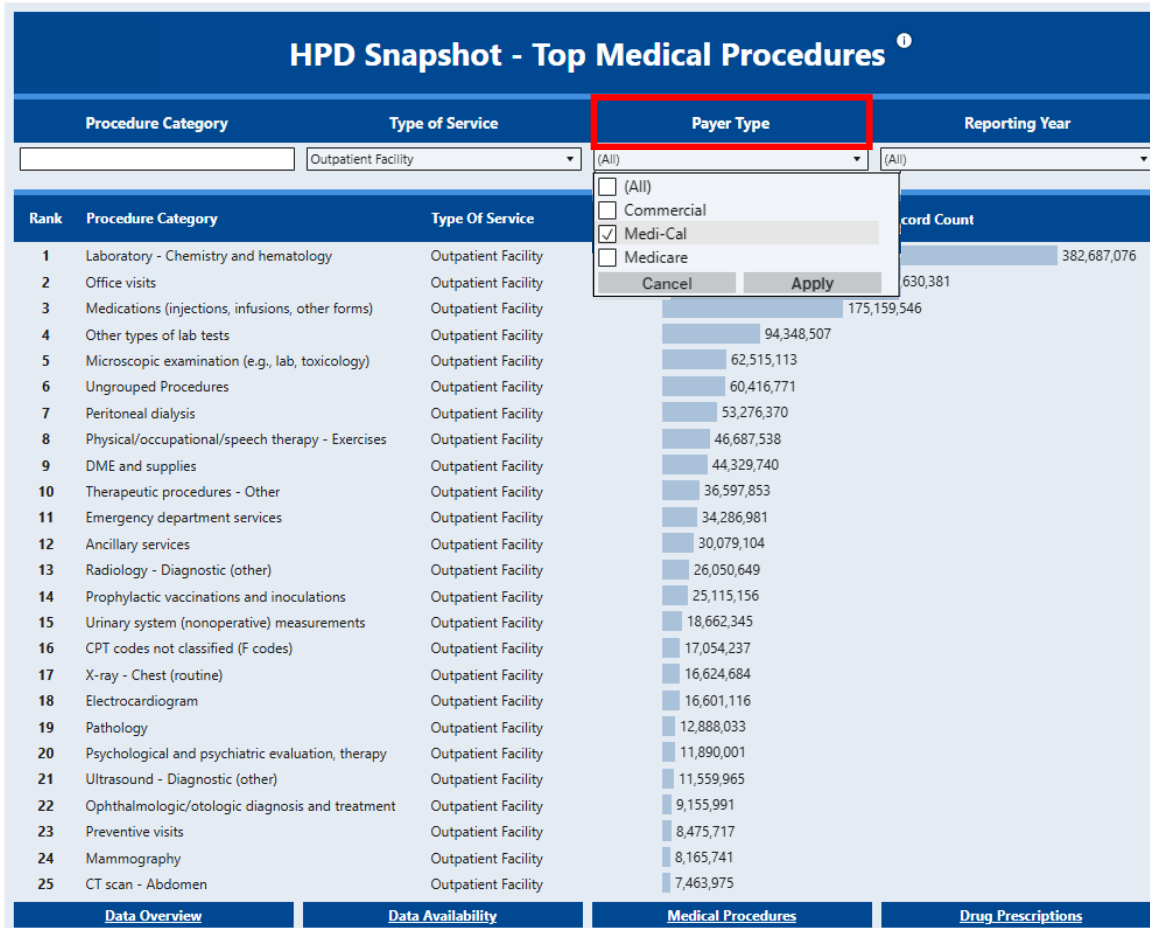

- A snapshot of the data currently available in HPD (2018 - 2023)
- Updated yearly
- Shows the number of unique individuals and the total number of enrollment and service records (medical and pharmacy)
- Provides a ranking of top product types, medical procedures and drug prescriptions
- Can be filtered by year and payer type

How many Californians received coverage from year to year?

HPD Services Report

- Two dashboards showing data on the healthcare services provided to Californians each year (2018 - 2023)
- Three metrics: total number of services, number of members who received a service, service rate per 1,000 (per year)

HPD Services Report: Overview

- Services are categorized into 8 major categories in “Overview” dashboard
- Shows year-to-year change in selected metric
- Includes breakdowns by age band, sex and payer type
- Map: can be used to view each county’s data, compare counties

How does the utilization rate for imaging change over time?

How does the utilization rate differ by payer type in a give year?

HPD Inpatient Stay and Outpatient Visits Report

- Focus on stays/visits: single instance or event during which a person receives medical care; can include multiple services
- Categories: Inpatient stays, diagnostic or surgical outpatient visits and professional (office) visits
- Three metrics: total number of visits, visit rate per 1,000 members, median out-of-pocket cost (by year and payer type)
- Map and table: view data by county and LA County SPA and compare

HPD Inpatient Stay and Outpatient Visits Report

The screenshot shows the HCAI (Department of Health Care Access and Information) Visits Map interface. The title bar is blue with the HCAI logo and the text "Visits Map". Below the title bar is a dropdown menu labeled "Visit Type". The dropdown is open, showing a list of visit types. The list includes various inpatient and outpatient procedures, such as "Inpatient - Cesarean Section", "Outpatient Diagnostic - Bone Mineral Density Scan", and "Outpatient Surgery - Knee Arthroscopy".

Visit Type
Inpatient - Cesarean Section
Inpatient - Bariatric (Weight loss) Surgery
Inpatient - Cesarean Section
Inpatient - Coronary Bypass
Inpatient - Mastectomy: Unilateral or Bilateral
Inpatient - Prostatectomy
Inpatient - Spinal Fusion
Inpatient - Total Hip or Knee Replacement
Inpatient - Total Hysterectomy: Inpatient
Inpatient - Vaginal Delivery
Outpatient Diagnostic - Bone Mineral Density Scan
Outpatient Diagnostic - Cystoscopy of Bladder/Urethra
Outpatient Diagnostic - Diagnostic Digital Mammogram: Unilateral
Outpatient Diagnostic - Drain/Injection Joint with Ultrasound Guidance
Outpatient Diagnostic - Drain/Injection Joint without Ultrasound Guidance
Outpatient Diagnostic - Echocardiogram
Outpatient Diagnostic - Esophagram
Outpatient Diagnostic - Hysterosalpingogram (HSG)
Outpatient Diagnostic - MRI of the Spine
Outpatient Diagnostic - Obstetrical Ultrasound of Fetus
Outpatient Diagnostic - Screening Digital Mammogram
Outpatient Diagnostic - Spine Epidural Injection
Outpatient Diagnostic - Transrectal Ultrasound and Biopsy of Prostate
Outpatient Diagnostic - Transvaginal Ultrasound First Trimester
Outpatient Diagnostic - Transvaginal Ultrasound: Non-obstetric
Outpatient Diagnostic - X-ray of Knee: 3+ Views
Outpatient Surgery - After-Cataract Laser Surgery
Outpatient Surgery - Breast Biopsy Including Ultrasound Guidance
Outpatient Surgery - Cataract Removal with Implant of Lens - All Service Settings
Outpatient Surgery - Colonoscopy and Biopsy - All Service Settings
Outpatient Surgery - Colonoscopy with Lesion Removal - All Service Settings
Outpatient Surgery - Coronary Angioplasty: Outpatient
Outpatient Surgery - Coronary Artery Angiogram
Outpatient Surgery - Diagnostic Colonoscopy - All Service Settings
Outpatient Surgery - Discectomy
Outpatient Surgery - Gastric Bypass: Laparoscopic
Outpatient Surgery - Glaucoma: Laser Trabeculoplasty Surgery
Outpatient Surgery - Hysteroscopy with Biopsy
Outpatient Surgery - Hysteroscopy with Salpingo-oophorectomy
Outpatient Surgery - Knee Arthroscopy

- Multiple visit types
- Inpatient stays: bariatric surgery, coronary bypass, c-section, total hip or knee replacement, vaginal delivery, etc.
- Outpatient diagnostic: MRI of the spine, esophagram, echocardiogram, etc.
- Outpatient surgery: laporoscopic gastric bypass
- Professional: urgent care center visit, office visit new patient

Which counties have the highest and lowest median out-of-pocket cost for a c-section for members of commercial plans?

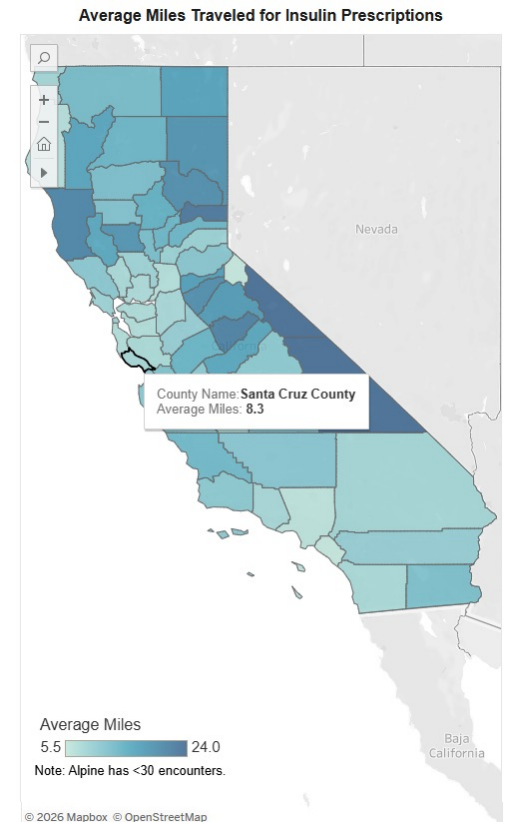

Data Brief: Insulin and Metformin Geographic Access and Mail-Order Use

- Highlights two aspects of access to two common diabetes drugs: insulin and oral medication metformin
 - Distance traveled to fill a prescription (distance between home and pharmacy)
 - Percentage of mail order prescriptions
- Map: data at the county-level
- Can help identify counties in which Californians may experience barriers to access to these drugs

Which counties have the highest distance traveled to fill a prescription of insulin and the lowest percentage of mail order prescriptions?

hcai.ca.gov/visualizations/insulin-and-metformin-geographic-access-and-mailorder-use/

Thank you!
