

THE LUMINA IS HERE

Upgrade and save.

Fast, effortless scanning.

The iTero Lumina™ scanner with iTero Multi-Direct Capture™ (MDC) technology pushes the boundaries of what intraoral scanners can do and sets the new standard for practice performance. With effortless scanning and superior visualization, this small wand means a big leap for your practice.

High-quality clinical decisions

Achieve photorealistic scans that enable high-quality clinical decisions the same way intraoral photos do1, through larger data capture, high accuracy5, and new advanced software.

Dental practice efficiency

Scan effortlessly at 2x the speed with exceptionally wide field of view and capture distance, enabling minimal maneuvering that sets a new level of ergonomics and comfort.

Elevated patient engagement

Offer a more comfortable experience for adults, kids and teens alike, with a 50% smaller wand. Plus, create superior patient engagement and motivation with exceptional 3D model quality across all visualizations and simulations.

iTero Lumina - \$50,000. Wand upgrade - \$15,000
