ADVENTURE AWAITS

Pottery Painting Project

Supplies

Bisque: Coupe charger
Pattern
Tissue paper
Pencil
Sharpie marker
Small and medium brushes

Glaze Colors

Golden Yellow, Light Orange, Dark Orange, Red, Maroon, Dark Blue, Medium Blue, Bright Blue, Medium Brown, Medium Green, Dark Green, Bright Yellow
Writer bottle in Dark Brown, Black

Directions

1. Using a pencil, trace the pattern onto tissue paper. Position the tissue tracing onto the plate and retrace the pattern with a Sharpie. The marker will bleed through the tissue paper, transferring the design to the bisque. (Don't trace the tree or the tent yet.)
2. Starting in the middle, create the sky layers with 3 coats of each color, beginning with Golden Yellow, then Light Orange, Dark Orange, Red, and Maroon.
3. For the water, start below the sun and paint 3 coats of Dark Blue, followed by 3 coats each of Medium Blue, then Bright Blue.
4. For the ground, paint 3 coats of Medium Brown, followed by 3 coats of Medium Green for the grass. Let dry.
5. Reposition the tissue tracing and transfer the tent, tree, and finger/thumb lines.
6. Paint the tent with 2 coats of Dark Green.
7. Using a Dark Brown writer bottle, create the tree.
8. Using a Black writer bottle, fill in the tent opening, outline the tent, outline the finger and thumb shape, and outline the entire hand shape. Let dry.

BRING ON THE CAKE

Pottery Painting Project

NOTE: This project is painted with a watercolor technique. Before beginning, water down each color using a 1:1 ratio of paint and water. The watercolor effect is best achieved by dipping brush in the paint mixture and dabbing the brush on the bisque. Layering the paint mixture will help build dimension.

Supplies

Bisque: Coupe square charger
Pattern
Tissue paper
Sharpie
Water
Small and medium round brushes
Small and medium liner brushes

Glaze Colors

Light Yellow, Salmon Pink, Bright Green, Berry Purple, Coral, Mint Green, Teal Blue, Black

Directions

1. Using a pencil, trace the pattern onto tissue paper. Position the tissue tracing onto the plate and retrace the pattern with a Sharpie. The marker will bleed through the tissue paper, transferring the design to the bisque.
2. Starting with the top layer of the cake, dab Light Yellow along the top and sides of the layer. Leave some of the bisque showing on this layer. To create dimension, layer multiple coats here and there.
3. On the striped layer, alternate Salmon Pink, Bright Green, and Berry Purple. Do not aim for solid coverage, but no bare bisque is left unpainted.
4. Paint the scalloped layer with 3 coats of Coral.
5. Paint the area just under the scallops with 3 coats of Light Yellow.
6. Paint the top row of triangles with 2–3 coats of Bright Green.
7. Paint the bottom row of triangles with 2–3 coats of Salmon Pink.
8. Paint the diamonds with 2–3 coats of Mint Green.
9. Paint the cake stand with 3 coats of Teal Blue.
10. Paint the candles with all the colors except Yellow. Dab in flames with Yellow above the candles.
11. Using a small liner brush, and slightly watered-down Black, outline the candles, cake layers, and cake stand.
12. Dip a small brush into one of the colors and lightly splatter paint the entire plate. Repeat with 2 or 3 other colors. Let dry.
13. Clear glaze and fire to Cone 06.

3. Use the tape to create strips on the right sail.
4. Paint the left sails with a solid coverage of Navy Blue.
5. Paint the untaped areas on the right sails with a solid coverage of Red. Peel off the tape and paint the exposed areas with a wash of White.
6. Paint the top area of the boat with semi-solid coverage of White. Paint the bottom section of the boat with a solid coverage of Navy Blue.
7. To give a vintage look, in small bowl, thoroughly mix 3 parts water to 1 part of Brown. Using a chippy craft brush, paint across the board, including over the boat, with a light coat, leaving small areas of unpainted wood showing in the background to give distressed look.
