GLAZE COLORS

Bright Yellow, Bright Green, Light Blue, Dark Blue
Writer bottles: Medium Green, Bright Green, Orange, Bright Yellow

DIRECTIONS

1. Place tissue paper over the pattern and trace the design, omitting the quote. Position the tissue tracing on the bisque and retrace the design with a marker. (The marker will bleed through the tissue, transferring the design.) Don't trace the lettering onto the plate yet.

Place the coordinating pattern cut outs over the light rays to keep them clean, and sponge up to the paper cutouts. This will especially help when painting the small blue sections between the light rays. While paper is in place, dip the same sponge in Dark Blue and sponge 1 coat on the background area.
