

WELCOME HOME

THE CAMPAIGN FOR NAZARETH FARM

Nazareth Farm is blessed. We are the only home repair organization serving our local, rural West Virginia community. Each year, 500+ volunteers come to Nazareth Farm from all over the nation to spend a week deepening their faith and repairing homes for families in need. Our transformative mission not only meets the needs of our communities, but positively impacts the lives of our volunteers long after their retreat week. We started as a simple extension of our Catholic faith to meet the needs of a community through our cornerstones of simplicity, community, prayer and service. We have ourselves become a cornerstone in the community we serve and in the volunteers that serve it.

WE TRANSFORM LIVES

IN OUR LAST TWO DECADES...

9,534 VOLUNTEERS + 1,089 COMMUNITY PROJECTS + 381,360 SERVICE HOURS =

MORE THAN \$9,534,000 IN VOLUNTEER LABOR!

Our organization's vibrant 40+ year history can be simply captured: **repair, retreat, repeat.** This cadence has echoed throughout our Appalachian community since 1979 yet the age and use of our Farm facilities have now become a limiting factor to our ability to serve. Simply put, the aged Farm cannot meet the demands – current or future – of our workload and volunteers. That is why we need your help...

The Farm is a reliable pillar in Doddridge and surrounding counties and in the many schools and church communities that volunteer with us. How we fulfill our mission gives us the opportunity to propel these same cornerstones – simplicity, community, prayer, and service – forward in a profound way that is true to our past and our future ensuring a meaningful and safe experience to all we serve.
