

Manufacturing is booming,

but there's a shortage of skilled workers—especially in the Hudson Valley. Ready for a change? Want to boost your skills and earning power? Manufacturing is an exciting—and growing—industry, and trained workers command good salaries and benefits.

TRAIN FOR THE FUTURE— YOUR FUTURE.

MANUFACTURING PRE-APPRENTICESHIP PROGRAM
SUNY FUTURE OF WORK CENTER – HUDSON VALLEY
SCHOLARSHIPS AVAILABLE! APPLY NOW THROUGH APRIL 2.

INDUSTRY PREP

Dutchess Community College's pre-apprenticeship training program exposes you to careers in manufacturing to prepare you for a job and/or educational opportunities.

CONVENIENT

Attend in-person classes 2X/week in Fishkill at the intersection of Rt. 9 and I-84, with approximately three hours of at-home, online coursework per week.

CERTIFICATE PROGRAM

After successful completion of the program and exam, earn a certification that aligns with industry standards and needs as well as a digital badge from SUNY.

DUTCHESS
COMMUNITY COLLEGE

Manufacturing isn't just factories and assembly lines. It's a diverse and intellectually stimulating field. Here's your opportunity to master new skills.

CERTIFICATION

Become a Certified Manufacturing Associate (CMfgA) through the Society of Manufacturing Engineers (SME).

- Certification is focused on basic manufacturing concepts, demonstrating your potential for high-demand, entry-level manufacturing roles.

Earn a SUNY Pre-Apprenticeship badge.

- Indicates you meet SUNY's requirements and are prepared to enter an apprenticeship in manufacturing.

TRAINING

Topics covered in the program include:

- Metrology - basic measurement and math fundamentals
- LEAN manufacturing and manufacturing processes
- Blueprint reading
- Safety in the workplace
- Career pathways within manufacturing
- Communication skills for the workplace
- Job search strategies and resume development
- Tips to finding a NYSDOL-registered apprenticeship program

COST

Course Fee: \$1,050

Apply through April 2 for a \$1,000 scholarship

LOCATION

Center of Excellence for Industry and Innovation at DCC@FISHKILL

SCHEDULE

April 2 - June 27th

- Tuesdays and Thursdays
- 6 p.m. - 9 p.m.
