Google for Education

tdiv@google.com

Your data, your control. Enterprise-grade protection at no cost.

Enterprise security, no charge

You receive our **enterprise-grade data protections** at no cost when you use Gemini with a school-issued Google Account.

Your data is **not human reviewed or used to train AI models**

Premium value, without the price

Unlike many other providers, we don't reserve our core protections for paid tiers.

- Gemini for Education **is free of charge but provides similar functionality to other paid offerings**, giving your entire institution a secure, powerful, and scalable AI platform from day one

Gemini for Education supports compliance with:

- GDPR
- CCPA
- HIPAA
- CSA STAR
- FERPA
- FedRAMP (medium)
- ISO 27001/17/18
- ISO 27701
- ISO 9001
- SOC 1/2/3
- COPPA
- ISO/IEC 42001

Gemini has been awarded the Common Sense Media Privacy Seal, meeting best practice criteria for privacy.
