

Julie Judd

Dr. Julie Judd currently serves as the Chief Technology Officer for the Ventura County Office of Education. Her responsibilities include oversight of all educational and informational technology, technology project planning, and management of all technical staff, supporting 20+ LEAs in Ventura County. Prior to her appointment at Ventura COE, she served for four years as the CTO for Ventura Unified School District and five years as the Director of Technology for Moorpark Unified School District. Prior to her technology leadership roles, Julie taught in Moorpark as a middle school band director for 12 years; she has been an educator since 1984, when she began her teaching career in instrumental music in Orlando, Florida. Dr. Judd continues to conduct the Ventura County Concert Band, an adult community band provided through the Ventura Adult and Continuing Education program at Ventura Unified School District. She currently lives in Camarillo with her husband, Jeff, and their two kitties Jethro and Ella.

Dr. Judd served on the Board of Directors for CETPA/CITE from 2011-2021. Professional associations include memberships in, CoSN, CUE, ACSA, ASCD, and Phi Delta Kappa.

Personal message to CITE:

Thank you to Andrea Bennett for welcoming me into this community and for her continued support. She broke the glass ceiling for women leaders and continues to encourage women through their leadership journey. Thank you to the CITE staff for their dedication to supporting the LEAs of California as they work to fulfill the vision and mission of CITE.

The CITE Community is an amazing group of human beings who provide selfless support and expertise to ensure the students in California have the most up-to-date and secure technology tools for the learning process. Out of my extensive educational experience, the membership of CITE has been the most welcoming, humble, and fun to work with. Mentors are everywhere I look! Continue to grow in your positive scholarship and humble leadership. Continue to nurture and celebrate each other as the work we do is pressure-filled. Blessings to this community!
