

Sherilyn Sexsmith

Sherilyn has worked in K-12 education since 1988, providing both administrative and business support at numerous schools, districts, and at the Nevada County Superintendent of Schools. She first began attending CETPA conferences with her husband Scott in 1996. When Scott joined the CETPA Board in 1998, Sherilyn enthusiastically began supporting the annual conference registration desk and vendor shows as needed.

She continued providing this support for ten years. During this time Sherilyn used her own personal earned vacation time in order to provide this support and to attend the conferences. Between 1996 and 2018, Sherilyn was able to attend all annual conferences except one.

Sherilyn enjoyed making lifelong friends with board members, attendees, and vendors while attending the CETPA conferences. Sherilyn enjoys spending time with family, cooking, and traveling.

Editor's Note: Sherilyn, along with Patricia Williams, were instrumental in helping Jane and Judy behind the registration desk to make sure all attendees had a positive experience. We thank her for her service to us!
