

CARE MONITORING & MANAGEMENT PLAN

- Complement & enhance health strategies already in place
- Manage & reduce the cost of future healthcare expenses
- Position benefits for the proper attraction and retention of staff
- Fill coverage gaps and promote better health outcomes ALL without an increased expense to the company or your employees

THIS PLATFORM CAN ABSORB THE COSTS FOR:

- Preventive Care
- Virtual Primary Care
- Telecounseling
- Urgent Care
- Labs & Generic Rx
- Care Navigation
- Patient Advocacy
- Medical Bill Negotiation

HEALTH MANAGEMENT

Employees use our app to complete a clinical assessment and get a personalized health score. By staying engaged in the app, employees receive personalized care through the patented Smart Device Technology.

EMPLOYEE RETENTION

Added benefits for your employees' household contribute to retain & attract the employees who make your business shine.

INCREASED BENEFITS

The plan does not compete, replace, or interfere with your current health insurance program. It is designed to compliment your plans while giving your employees additional benefits and care.
