

What Is COAA?

Design professionals and builders are supported by a variety of great organizations, but what about the project/facility Owner? COAA was founded in 1994 to answer that question.

THE COAA WAY™

A team of **PEOPLE** – led by a “Good Owner,” sharing **BEST PRACTICES** in a **CULTURE** built on trust & respect – will complete **BETTER PROJECTS**

Why COAA?

COAA supports Owners’ success in facilities planning, design, and construction. We take a generalist approach to education ... it doesn’t matter what type of facility you’re building or what delivery methods you employ. We focus on process, people, and leadership best practices.
