

PUZZLED BY DESIGN-BID-BUILD?

COAA'S OWNER TRAINING INSTITUTE® CAN HELP!

DESIGN-BID-BUILD: HOW TO MAKE IT WORK WELL

Traditional Design-Bid-Build (DBB) remains a viable delivery method if thoughtfully planned and executed. This course arms Owners with tangible, practical suggestions for improved DBB delivery with a concentrated focus on reducing risk. Experience what it's like to be in a General Contractor's office on bid day ... learn how to avoid or overcome an adversarial relationship ... and discuss strategies for improving the quality of construction documents and avoiding "bid busts."

Learning Objectives:

1. Understand and be able to overcome the challenges inherent with DBB delivery.
2. Learn strategies for mitigating or offsetting risk from the Owner's perspective and how to apply them.
3. Adopt techniques for successfully managing scope, cost, and schedule on DBB projects.
4. Discover and apply tips & suggestions for maintaining a healthy working relationship with the GC.

COURSE OUTLINE

1. Welcome & Introductions
2. Context / Background
3. DBB Constraints
4. Project Management Fundamentals
5. DBB Considerations by Project Phase
6. Concluding Remarks
