

# DON BUSH FLAD ARCHITECTS

Don is a Senior Project Manager at Flad Architects in the New York Office, where he leads business development activities and manages complex projects for the Academic and Science and Technology sectors. He was previously an Associate Director with Skidmore, Owings & Merrill, LLP. and a Principal at Lord Aeck Sargent Architecture with responsibilities for practice area leadership, business development, and project management. He served as the lead laboratory planner and designer on research and science education facility projects of many types for institutional, government, and private sector Owners.

Don also served as Market Sector Leader at Smith Carter Architects and Engineers where he was responsible for managing projects for government research facilities as well as developing the Higher Education practice area at Smith Carter. Prior to this he spent 16 years at Cooper Carry in the Science and Technology Studio, working with many university and government clients. He has Master of Architecture and Bachelor of Science degrees from the Georgia Institute of Technology in Atlanta. Don has 25 years of experience in the profession and is a member of the American Institute of Architects, the Society for College and University Planning.
