

WALKER DAVIS AUBURN UNIVERSITY

Walker has more than 39 years of experience in the commercial construction industry as a superintendent, estimator, project manager, chief estimator, and Owner's representative. He has been involved in various types of projects including healthcare, hospitality, multifamily, office, religious, and educational facilities.

For the last 18 years, he has been employed in various capacities for Auburn University Facilities Management, including Construction Project Manager, Chief Estimator, and Contract Management. For the past five years as Assistant Director of Project Support, Walker oversees internal estimating, contracting, bid management, and the plan vault. His duties include oversight of the advertising, bid opening, and contract execution for all construction projects on the Auburn University campus and outlying units, maintaining compliance with the State of Alabama Public Works law.

Walker is a second-generation graduate of Auburn's Building Science program, with a Bachelor of Science degree in Building Construction, and is a third-generation construction contractor.
