

# KEITH SUNDERMAN PENN STATE UNIVERSITY

Keith is a Project Director with over 30 years and \$1.5 B in major capital project management experience representing a variety of Owners. His projects have ranged from heavy industrial plants to new hospitals and research facilities at a major medical center. His career has taken him from Malaysia to source sustainable wood furniture products for the U.S. market to Alabama managing a \$500M steel Mini-Mill project, which turned a cotton field into a functioning steel mill in 22 months.

Prioritizing team culture in a high trust environment has been the foundation for any new endeavor for Keith. He has a BSCE from Carnegie Mellon, is a registered PMP, and serves on the Board of Directors for the Vista Adult Services Organization, whose mission is to provide greater independence for adults on the autism spectrum.
