**BRING WITH YOU.**

These items will be discussed on the first day but will not be needed until you actually start hands on installation on the second day of class.

Students should bring their own gloves, safety glasses and hand tools.

Basic hand tools include hammer or hatchet, pry bar, knife with hook blade, sharp metals (offset are best and safest), cordless drill with #2 Phillips and #2 square bits, tape measure and chalk.

*(Supplementary tools will be available for use during the class.)*
