

Volunteer for a CRA Committee TODAY!

"I always wondered why somebody didn't do something about that. Then I realized I was somebody." - Lily Tomlin

We are looking for volunteers for the following CRA Committees. A brief description of each committee follows.

AWARDS DINNER

Recognized as one of the top roofing Awards programs in the country! We need people to help organize this fun night - from decorations and food to the program, SPONSORS and attendees. Help get people to enter job nominations as well. There can't be winners without people submitting for awards!

BUILDING CODE & STANDARDS COMMITTEE

The BC&S committee's main purpose is to advise and educate members on changes & updates to building codes and standards as they relate to the roofing profession. Help in creating roofing best practice documents. Volunteer today to become actively involved in establishing relationships and open lines of communication with building departments and informing the CRA and the roofing industry as a whole on such issues as ladder/inspections, IBC, IRC & energy code issues and changes.

COMMUNITY SERVICE

Helping others is an important part of any strong association. Be a part of introducing NEW WAYS to give back to our community by helping organize community service projects for such organizations as Habitat for Humanity, Home for Troops, Rebuilding Together and other non-profit charities. Oversee Rob McReynolds Raise the Roof Charity Fund annual giving campaigns and distribution.

EDUCATION/TRAINING

One of the primary goals of the CRA is to educate its members. Through a variety of seminars and programs, this committee assures that our goal is fulfilled.

Education: Assist in determining which specific topics will be covered and in organizing these *in-depth* trainings throughout the year.

Training: The CRA Training Committee has established a formal training program and center for members to train and cross-train current employees. Help ensure the success of the program by lending a hand to organize volunteers and product specialists for instructor assistance, updating mock-ups, securing donations of materials, and maintaining an evolving curriculum.

Program: Offers volunteers a chance to contribute to CRA member luncheon meetings by organizing informative and entertaining speakers, including those who have climbed to the top of NRCA and Mt. Everest, and using their connections and creativity to keep topics interesting.

GOLF TOURNAMENT

Help plan this popular event scheduled each summer. Organizing the location, contests, prizes, sponsors, volunteers, set-up/tear-down, etc.

GOVERNMENT RELATIONS

This committee gives you true hands-on input to make changes in our industry. Review upcoming bills, contact legislators, engage with our lobbyist/coalition partners & keep members informed and contractors represented at the Capitol.

MEMBERSHIP

The Membership Committee works to increase our membership and retain current members. The committee reviews current membership applications and does an annual review of the membership requirements, ethics policy, etc. Do you know other companies that might benefit from what the CRA offers? Be an ambassador for the CRA and spread the word about what CRA is doing for you!

MARKETING

This committee performs activities that help promote a positive image of the roofing industry in Colorado while educating home and building owners about hiring roofing contractors. In addition to educating the general public about selecting roofing contractors, our Committee Members work with our media partner to spread awareness about CRA activities and good deeds through the media, website and social media channels.

SPORTING CLAYS

Help in the planning our annual fall fund raising event. You will assist in organizing the location, sponsors, trappers, food, prizes, etc.

TRADE SHOW

A showcase of products and services - from the latest to the tried and true, this spring event requires organizer to solicit exhibitors and attendees alike. You'll help in organizing the timing, lunch, any special activities, etc.

YOUNG & EMERGING PROFESSIONALS (YEP)

The YEP Committee is growing and working to further CRA's goals and vision by offering a number of networking and educational events to YEPs throughout the year. Assist us in organizing, planning, and creating opportunities for young and emerging professionals in Colorado's roofing industry.

Volunteers are solicited year-round, at the Trade Show and in the January Newsletter. If you missed the notice and would like to sign up for a committee, please e-mail Debbie at the CRA office at debbie@coloradoroofing.org or call her at 303-484-0549.

WE THANK YOU IN ADVANCE FOR AGREEING TO SERVE ON A COMMITTEE.
