

# Volunteer for a CRA Committee TODAY!

*"I always wondered why somebody didn't do something about that. Then I realized I was somebody."* - Lily Tomlin

We are looking for volunteers for the following CRA Committees. A brief description of each committee follows.

## **AWARDS DINNER**

Recognized as one of the top roofing Awards programs in the country! We need people to help organize this fun night - from decorations and food to the speaker, SPONSORS and attendees. Help get people to enter job nominations as well. There can't be winners without people submitting for awards!

## **BUILDING CODE & STANDARDS COMMITTEE**

The BC&S committee's main purpose is to advise and educate members on changes & updates to building codes and standards as they relate to the roofing profession. Volunteer today to become actively involved in establishing relationships and open lines of communication with building departments and lobbying the CRA and the roofing industry as a whole on such issues as ladder/inspections, IBC & IRC code issues and changes.

## **COMMUNITY SERVICE**

Helping others is an important part of any strong association. Be a part of introducing NEW WAYS to give back to our community by helping organize community service projects for such organizations as Habitat for Humanity, Home for Troops, Rebuilding Together and other non-profit charities.

## **EDUCATION/TRAINING/WORKFORCE**

Education: One of the primary goals of the CRA is to educate its members. Through a variety of seminars and programs, this committee assures that our goal is fulfilled. Help determine what pinpoint topics we will share and organize these events as necessary a few times throughout the year.

Training: CRA's Training committee has been successful in creating a formal training program so that our members have a place to train/cross-train current employees. Join the training committee and continue to help in the success of the program by making sure curriculum is current, creation of mock-ups for students, organizing material donations, arranging volunteers/product specialists to assist instructor, etc.

## **GOLF TOURNAMENT**

Help plan this popular event scheduled each summer. Organizing the location, contests, prizes, sponsors, volunteers, set-up/tear-down, etc.

## **GOVERNMENT RELATIONS**

This committee gives you true hands-on input to make changes in our industry. Primarily focused around the

legislative session (Jan-May), you have a real opportunity to get involved. Review upcoming bills, contact legislators and share pertinent info with CRA members.

## **MEMBERSHIP**

The Membership Committee works to increase our membership and retain current members. The committee reviews current membership applications and does an annual review of the membership requirements, ethics policy, etc. Do you know other companies that might benefit from what the CRA offers? Be an ambassador for the CRA and spread the word about what CRA is doing for you!

## **PROGRAM**

With only four general luncheon meetings each year, you can help make sure that attending members have an informative and entertaining speaker. CRA's hosted a wide variety of speakers - those who have been at the top of the NRCA and the top of Mt. Everest! Use your ingenuity to keep things interesting.

## **PUBLIC RELATIONS/WEBSITE**

Help promote a POSITIVE IMAGE of the roofing industry. CRA members and our local communities need to know about whom we are and what we do! PR Volunteers will spread the news about CRA activities and good deeds through the media and our website.

## **SAFETY SERVICES PILOT PROGRAM**

~~Committee is tasked with implementing and organizing the creation of a Pilot Program that offers members specialized safety services and training specific to the roofing industry (i.e., fall protection, First Aid/CPR, Hoisting/Rigging, etc.) as well as site inspections or mock OSHA inspections.~~

## **SPORTING CLAYS**

Help in the planning our newest fall fund raising event. You will assist in organizing the location, sponsors, prizes, etc.

## **TRADE SHOW**

A showcase of products and services - from the latest to the tried and true, this spring event requires organizer to solicit exhibitors and attendees alike. You'll help in organizing the timing, lunch, any special activities, etc.

Volunteers are solicited each year in the January Newsletter. If you missed the notice and would like to sign up for a committee, please e-mail Debbie at the CRA office at [debbie@coloradoroofing.org](mailto:debbie@coloradoroofing.org) or call her at 303-484-0549.

**WE THANK YOU IN ADVANCE FOR AGREEING TO SERVE ON A COMMITTEE.**
