YEP VOLUNTEER SPOTLIGHT

ASHLEY SHEEHAN

Kindry Construction

Project Coordinator

Meet Ashley Sheehan with Kindry Construction! A CRA member for 5 years, Ashley is passionate about building relationships across every corner of the roofing industry—from skilled tradespeople to executive leaders—and believes those connections make us all stronger.

Ashley is especially passionate about educating homeowners and HOA boards on warranties, contractor certifications, and how to choose qualified, reputable contractors. Her goal is simple: help people make informed decisions and prevent them from being taken advantage of by unqualified or unethical contractors.

As an active member of the CRA Young & Emerging Professionals (YEP) Board, Ashley volunteers wherever she's needed and enjoys working alongside other YEP board members and YEP committee chairs. She says serving on the YEP Board has broadened her understanding of the industry—from suppliers and warranties to industry standards—making her a more knowledgeable and confident project coordinator.

When she's not working, you'll likely find Ashley out on the water, in the gym (she's currently working toward becoming a certified fitness trainer!), or enjoying her favorite food—sushi. And if you ask her about her favorite YEP event? It's the annual holiday celebration, because as Ashley puts it, "Work hard, play hard" is something the YEP truly embraces.

Thank you, Ashley, for your enthusiasm, willingness to serve, and commitment to raising the bar for Colorado's roofing industry!
