**Volunteer Spotlight:**

Meet Danny Gregg, Territory Sales Rep at Insulfoam and a proud member of the CRA Young & Emerging Professionals Committee!

For Danny, the best part of the roofing industry comes down to one thing: the people. He says the industry is full of hardworking, smart, and dedicated individuals who make a real impact by building the homes and spaces we rely on every day.

Danny joined CRA to connect with others in the industry and give back to a profession that has supported both him and his family. Through volunteering, he's gained valuable industry knowledge, expanded his network, and built friendships that extend well beyond work.

One area Danny would love to see improved in the industry is greater consistency in roofing regulations across municipalities to help reduce confusion and simplify processes statewide.

When he's away from work, Danny enjoys spending time outdoors with his family, hiking, woodworking, playing pickup basketball, gardening, cooking, and cheering on the Chicago Bears every season — even when it hurts. 🏈🤔

And his favorite CRA memory so far?

“Falling on my butt like 1,000 times at the A-Basin Ski Day. I'm a terrible skier, but we had a blast.”

Thank you, Danny, for your passion, leadership, and commitment to the Colorado roofing community!

**IN THE NEWS: The Growing Role of Robotics in Roofing**
