Downtown

COMMUNITY PARTNERSHIP

As we spring forward with activities and initiatives aimed at enhancing our vibrant Downtown, here's a quick update on what's happening at the DCP and in our community:

City Commission Meeting Tonight

Tonight's City Commission meeting will address several important issues impacting Downtown, including updates on city ordinances related to increased penalties for public alcohol consumption along with a request from the police for the purchase of electric trikes to improve mobility and visibility as they cover our growing Downtown area this summer. For the full agenda and details, [click here \(Consent Agenda Items 1, 2, & 20\)](#).

Downtown Safety Meeting Recap

The DCP met last week with city officials to continue to develop strategies to address the needs Downtown as we enter into Spring and Summer. A special thanks to Chief Zibolski and Lt. Moser for their continuous effort in addressing Downtown concerns, finding innovative solutions, and keeping an open line of communication with the DCP. Their dedication is instrumental in our collective mission to enhance Downtown Fargo.

Storefront Education and Training Session

The DCP is looking to host with the Fargo Police Department a training session for owners and employees at storefronts. This event is designed to empower our storefront businesses through practical training on handling common urban incidents. We are tentatively looking at 3pm on April 23rd for the training – more details forthcoming!

St. Patrick's Parade – A Hearty Thank You!

A big thank you to everyone who participated and adjusted their schedules for the rescheduled St. Patrick's Parade. Your flexibility helped make the event a huge success despite the weather challenges!

Important Update: 2nd Ave and Broadway Intersection Improvement

The City of Fargo has begun plans to repair and enhance the 2nd Ave and Broadway intersection crosswalks. In addition to improving the deteriorated crossings, the city will be installing removable security bollards to improve safety and help prevent vehicular incidents during large events along 2nd Ave.

Construction Timeline:

The project will commence soon this Spring and has an all work must be complete by June 15 requirement, well before the height of our summer festivities.

We appreciate your patience and understanding as we work to make Downtown Fargo a safer and more welcoming place for all.

From April 8th to 13th, Downtown Fargo is hosting the Spring Scavenger Hunt Bingo. This unique event invites shoppers to explore their favorite local shops in a whole new way.

As they search for a hidden item, they will not only experience the charm of our downtown retailers but also enjoy the thrill of the hunt. It's the perfect opportunity to break from routine, support local businesses, and engage with the community (and win daily prizes!) in an exciting and interactive manner.
