City of Fargo Adding a Downtown Specific Mobile Outreach Team

The City is adding support for businesses Downtown with a two person Neighborhood Response Team that is anticipated to operate from 10am - 6pm, and during special events. This team will be an extension to the City's current mobile outreach team, but its efforts will be focused specifically on Downtown. Having a specific Downtown focused team to respond more immediately, along with the ability to provide additional foot patrol and build relationships, has been a request of the DCP. Look for more information from the City and the DCP in the coming weeks!
